Rappin' up the extra pounds

Our picture was taken before these ladies from the Canberra Zone 2 RC set out for a Brisk Walk. Led by a professional singer and dancer, they moved to the music. They really moved! Oh, my how they moved!

Exercising can be a bit of a bore, but when the music pounds, and you know the song, it's amazing the workout you can give every little bit of your body.

And all you think you're doing is dancing to the music!

Next time someone you know says, "I should get more exercise," suggest dancing to rap music.
